

CHINTALA ANUDEEP

Python Full Stack Developer

9490752612 | chintalaanudeep41@gmail.com | Nandyal, AP, India | [LinkedIn](#)

SUMMARY

Highly motivated and detail-oriented Python Full Stack Developer with hands-on experience in designing, developing, and deploying dynamic web applications. Skilled in Python, Django, JavaScript, React.js, HTML/CSS, and database management (SQL). Adept at problem-solving, collaborating in agile environments, and delivering user-friendly solutions. Seeking an opportunity to contribute my technical expertise while continuously learning and growing within a forward-thinking organization.

SKILLS

Frontend Skills: HTML, CSS, JavaScript, React.js
Backend Skills: Python, Django
Database: MySQL
Version Control: Git, GitHub
Soft Skills: Collaboration, Critical Thinking, Adaptability, Communication, Positive Attitude

PROJECTS

GRP HRMS Web Application [Git](#) [Website Link](#)

- Developed a web-based Human Resource Management System to streamline employee data management, payroll processing, leave tracking, and performance evaluations.
- Designed and implemented the system using **Python** (backend), **Django** (framework), **HTML/CSS/JavaScript** (frontend), and **MySQL** (database).
- Key Achievements: Reduced manual HR tasks by automating repetitive processes, saving approximately 15 hours per week.

SoulThread Social Media Web Application [Git](#) [Website Link](#)

- Developed a dynamic social media platform enabling users to create profiles, share posts, like/comment on content, and connect with others.
- Integrated features like user authentication and responsive design for an enhanced user experience.
- Designed and implemented the system using **Python** (backend), **Django** (framework), **HTML/CSS/JavaScript** (frontend), and **MySQL** (database).
- Key Achievements: Improved user engagement by 25% through intuitive UI/UX design and interactive features.
